

## Vehicle Graphics & Signage Disclaimer

- When Xtreme Sign & Grafix (XSG) provides the artwork, it is essential the client fully checks and signs off on the final proof sheets provided. The customer is responsible for ensuring that all artwork, including company information (name, phone number, address, etc) is accurate.
- Due to the limitations and the sensitivity of the various substrates, it is impossible to reproduce all colours accurately. Therefore, unless otherwise specified XSG will determine the most accurate colour sample, reproduction will be at our discretion. A colour proof will be provided to the client upon request.
- Due to the fact that a two dimensional print is being applied to a three dimensional vehicle, and due to minor variances in the accuracy of the templates, the positioning of a vehicle wrap can vary from the proof by several centimetres throughout the entire length of a vehicle wrap. This is normal and wraps need to be designed with this in mind. **The artwork proof provided is for visual purposes only and is used to give clients a general perspective of the graphic concept.**
- Xtreme Sign & Grafix cannot guarantee graphic applications if:
  - 1) Client supplies a substrate in poor condition
  - 2) Vehicles have unfinished body work
  - 3) Vehicles have surface rust, body damage, or textured surfaces
  - 4) Glass surfaces are pitted or cracked
- We cannot be responsible for damage to paint work when the vinyl is removed, and would not advise application on a re-sprayed surface, or poor quality/rusted paint work. Please note, our experience shows that removal of vinyl from good quality, factory original paint work, will not damage the paint work. However, it is the duty of the owner of the vehicles to ensure suitability.
- During the application of the vehicle wrap XSG may need to remove exterior trim and emblems.
- All vinyl material has manufacturer's warranties that apply. XSG reserves the right to limit warranties upon inspection of clients claim if the client has not followed the "*graphics care sheet*" supplied to the client upon receipt of their product.

This disclaimer must be read, understood, signed, and dated by the client/clients before any graphics, signage, vehicle wraps are produced. Any questions you have about this disclaimer or XSG's guarantees and warranties, please contact your sales rep.
